PROJECT
Floor Stand User Manual

Thank you for purchasing this iTop Twist Floor Stand for the iPad2 and new iPad by Villa ProCtrl.

High design, functionality and quality were top of mind when developing this product, as we did not make any concessions in its construction and our choice of materials.

This iPad Stand is made out of high grade brushed Stainless Steel and DuPont Corian, the solid non-porous material approved for use for use in specialized environments (including laboratories and hospitals) and high-traffic places. Most importantly, Corian is easy to clean and small surface damage can be sanded out. The frame and support structure is made out of Stainless Steel, adding to the overall look, while increasing its weight for increased stability.

Reducing the environmental impact has also been a key factor in the development and production of this product. All of the materials used can be recycled, including all paper and the carton, that comply with the international FSC standards.

We are confident that you will enjoy this product and will appreciate our attention to detail.

Thank you for taking the time to read this manual. We recommend that you keep it for future reference.

The Villa ProCtrl team

Important Safety Instructions:

For your own safety, please read the following important instructions carefully in their entirety, before assembling the stand -

1. Read and follow these instructions fully.
2. Keep these instructions.
3. Heed all warnings.
4. Clean only as instructed in this manual.
5. Protect the USB cord from being walked on or pinched or from getting stuck into the stand.
6 Use this stand with the Apple iPad version 2 and new iPad only.
7. While we take great care to remove all of the sharp edges from the Stainless Steel components, please be careful when handling.
8. Avoid injury when moving the stand, as it is heavy.
9. While the stand has been designed for maximum stability, please place it on a level and solid surface, in a location that minimizes the possibility of it being accidentally tipped over. In cases where this is a distinct possibility, please bolt the stand to the floor or a floor-board [Order the option for having 4 holes drilled into the Stainless Steel base plate].
10. The stand is for indoor use only!

Corian top

Most dirt & residue
Use soapy water, ammonia based cleaner (not window cleaner), rinse and wipe completely dry. Commercially available solid surface cleaners, such as Clean EnCounters® will also work well.

Preventing hard water marks
Rinse and wipe completely dry after cleaning; clean up spills before they dry.

Removing hard water marks
Use a cleaner formulated for removing hard water marks such as CLR or Lime-A-Way.

Difficult residue
Spray residue with Deep Cleaner for DuPont Corian® from Stone Care International. (www.stonecare.com) Follow instructions on the bottle. Wash area with soapy water, rinse and wipe completely dry. If residue persists, follow steps below for removing dulling film.

Disinfecting
Occasionally, wipe surface with diluted household bleach (1 part water/1 part bleach). Rinse top thoroughly with water and wipe completely dry.

Stainless Steel

Daily cleaning:
for light soil, use a clean, soft cloth or sponge and one of the following:
- Mild detergent and water.
- A solution of white vinegar and water.
- Formula 409 Glass and *surface cleaner or a similar multi-surface cleaner.

Rinse and dry. To polish and help prevent fingerprints, follow with a Stainless Steel Spray.

For moderate to heavy soil:
Use a clean, soft cloth or damp sponge and clean with nonabrasive cleaner such as a baking soda paste or *Bon Ami. Rinse and dry.

More stubborn soils:
Can be removed using a damp *Scotch-Brite pad. Be sure to rub evenly with the grain of the stainless steel. Rinse immediately and dry.

Limited Warranty

Villa ProCtrl warrants this product to be free from defects in material and workmanship (subject to the terms set forth below).

Villa ProCtrl will repair or replace this product (at Villa ProCtrl's option) or any defective parts in this product. Warranty periods may vary from country to country. To obtain warranty service, please consult the dealer/reseller from whom you purchased the product and please retain your proof of purchase (in the form of a bill of sale or receipted invoice, which is evidence that the product is within the warranty period). This warranty is invalid if the product was not purchased from a Villa ProCtrl authorized dealer. If you are not satisfied with their response, please contact Villa ProCtrl directly with specific questions or concerns.

Please retain all original packaging, as you will need to ship the product or specific parts of it, in either its original packaging (or packaging affording an equal degree of protection).

This warranty does not cover cosmetic or structural damage due to misuse, improper installation or maintenance, abuse, accident, negligence, modification, attempted repairs by a third party not authorized by Villa ProCtrl or acts of God, of the product or any part of it. Any of the aforementioned will automatically and totally void the offered product warranty.

Further, this Warranty does not cover third party products that are attached or added to this product.

Some countries and U.S. states do not allow the exclusion or limitation of incidental or consequential damages or implied warranties, so the above exclusions may not apply to you. This warranty gives you specific legal rights and you may have other statutory rights, which will vary from country to country and state to state.

For any service, either in or out of warranty, please contact your dealer/reseller.
